Profile

John Rockwell Hosbach is a Registered Consulting Arborist and Certified Arborist providing arboriculture excellence in the Northeast region for over fifteen years. His experience includes a diverse collection of expert witness cases ranging from tree valuation and appraisal to tree accident investigations.

As an experienced professional in the arboricultural industry, John will:

- ♦ Meet with the client and discuss his/her concerns and questions
- ♦ Review all documents relating to this particular case
- ♦ Review and establish contractor's performance and professional standard of care
- ♦ Complete an onsite investigation including photographing any necessary information
- ♦ Review and municipal rules/regulations pertaining to this case
- ♦ Prepare and deliver a detailed report of his findings while adhering to industry standards

His wide range of clients include landscape architects, landscape contractors, developers, builders, municipalities, golf course managers, homeowner associations, private homeowners, insurance companies, commercial property owners and managers, and attorneys.
